Create order/licences

Ulf Kronsell - 2025-01-29 - [Create New Order/Licences](#)

1. Log in to the Partner portal through www.skolon.com. Don't have an account?
Contact us : support@skolon.eu

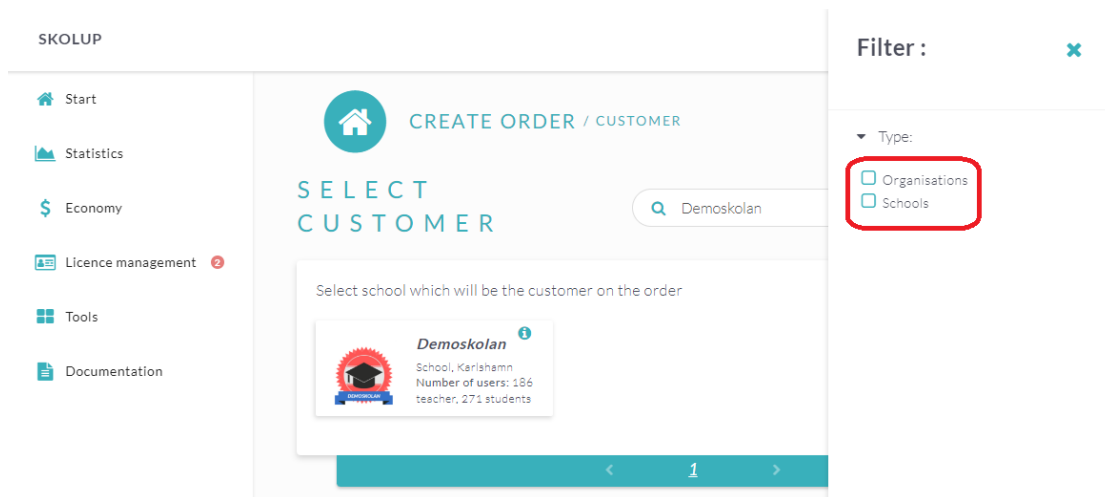

2. Click **License management** in the left menu.

3. Click **New order**.

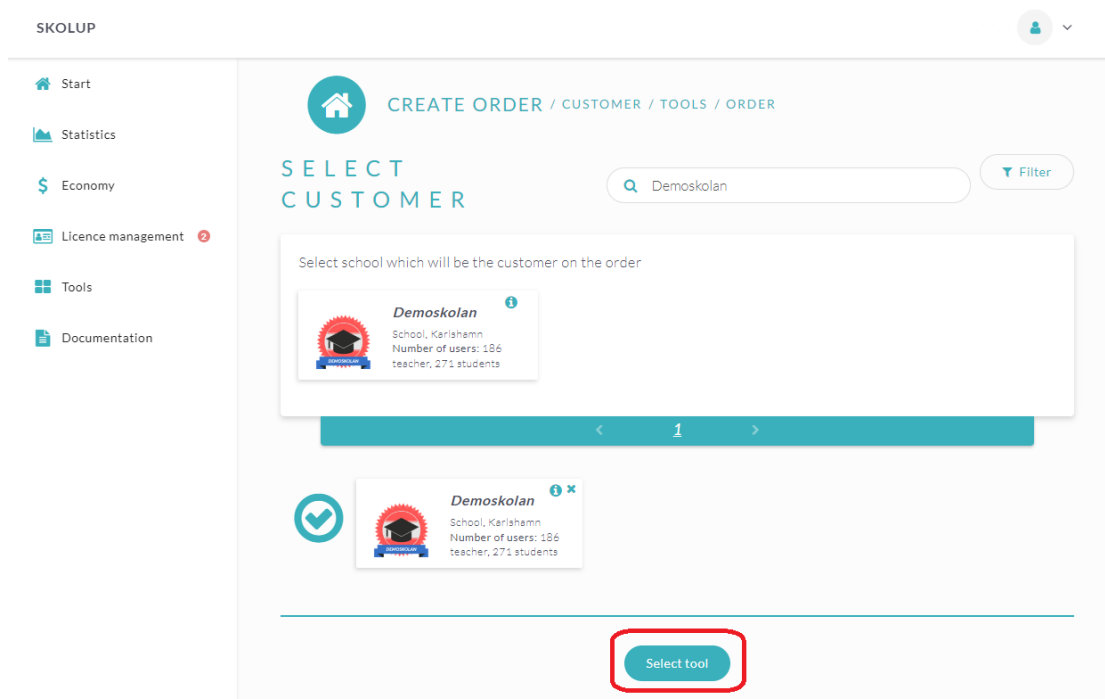

The screenshot shows the SKOLUP interface. On the left, there is a sidebar menu with options: Start, Statistics, Economy, Licence management (highlighted with a red box and a red '2' badge), Subscriptions, and Licence requests. The main area is titled 'Licence management'. At the top of this area, there are buttons for 'New order' (highlighted with a red box), 'Multiple edits', and a search bar labeled 'Search for tool'. Below these buttons is a table with the following columns: Licence type, Licences, Organisation, School, Tools, Licence start, Licence end, and Status. The table contains one row: Single licence, x 1, Demo Skolon huvudman, Skolon 7-9, Skolup, 03/05/2023, 03/05/2024 Subscription, and Active (with a green dot icon).

4. Search for your customer, select customer by clicking it. You can see the number of users for each school. You can also filter by organisation or school by clicking the **Filter** button.

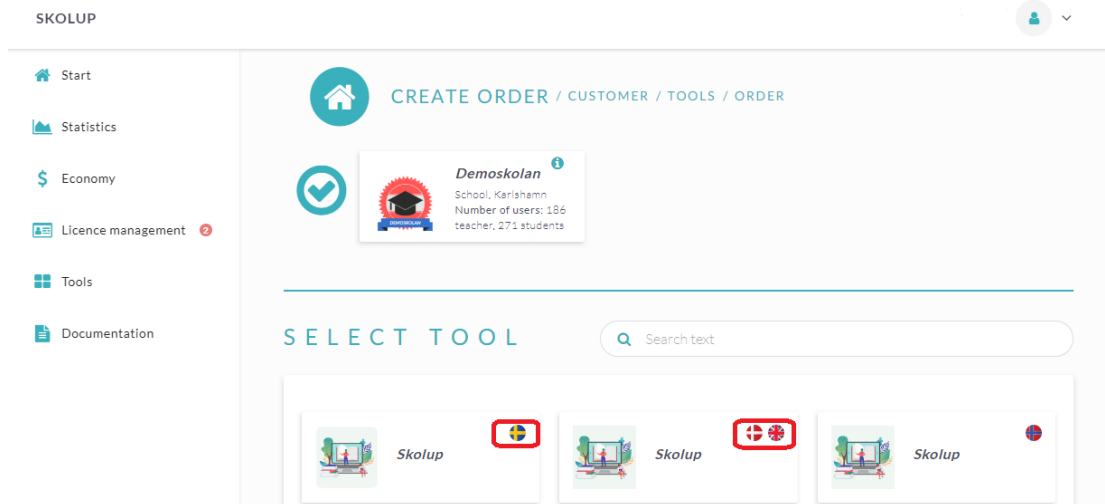

The screenshot shows the SKOLUP interface in the 'SELECT CUSTOMER' section. The breadcrumb trail at the top reads: CREATE ORDER / CUSTOMER / TOOLS / ORDER. The main heading is 'SELECT CUSTOMER'. Below this is a search bar containing 'Demoskolan' and a 'Filter' button (highlighted with a red box). Below the search bar, there is a text prompt: 'Select school which will be the customer on the order'. Below this prompt is a card for 'Demoskolan' with a red graduation cap icon. The card contains the text: 'School, Karlshamn', 'Number of users: 186', and 'teacher, 271 students'. At the bottom of the card, there is a pagination bar with a teal background and a white '1' in the center.

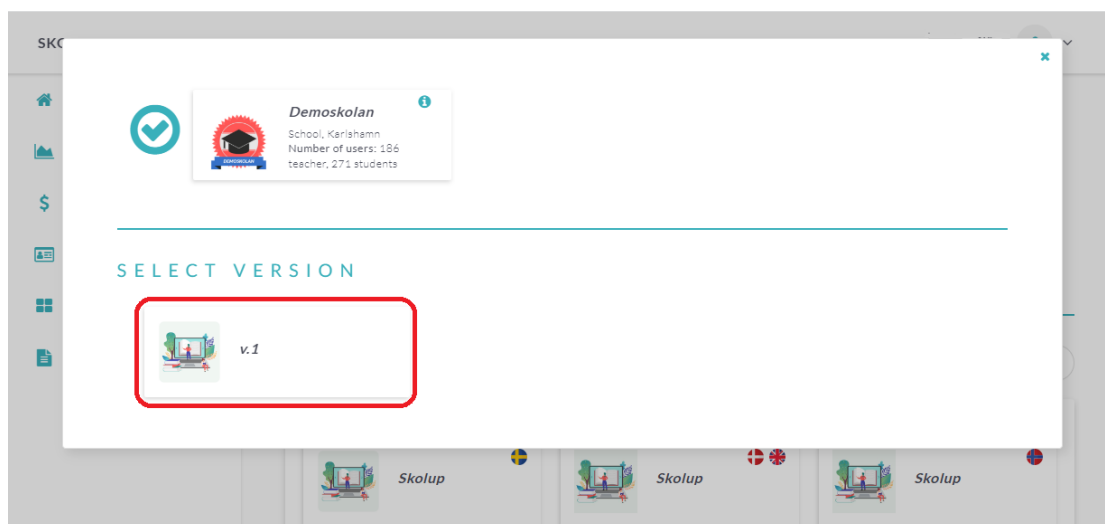

5. Click **Select tool**.

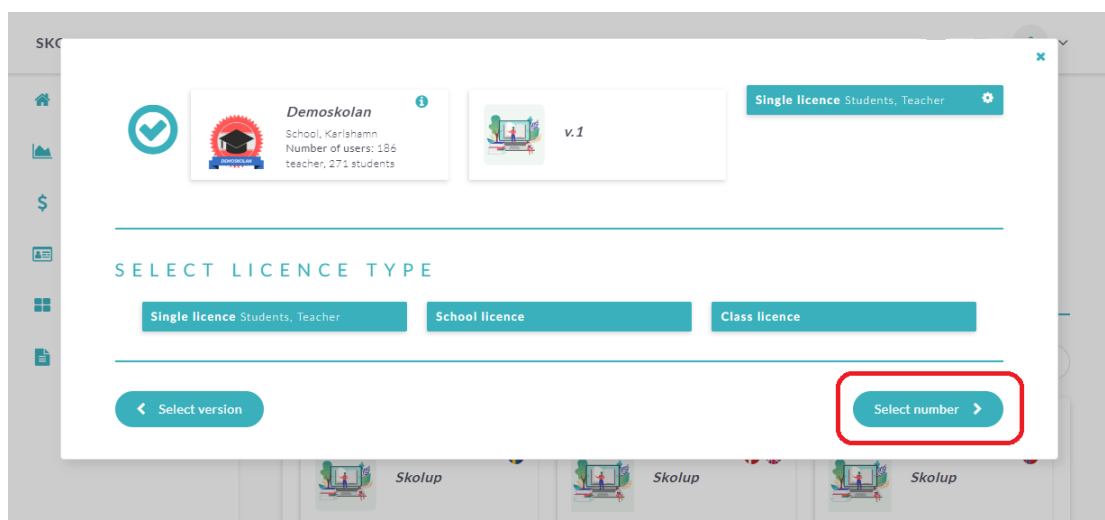

6. Select a tool by clicking it. The flags shows which markets the tool is available for.

7. Click the desired version. Depending on the tool there can be several versions available.

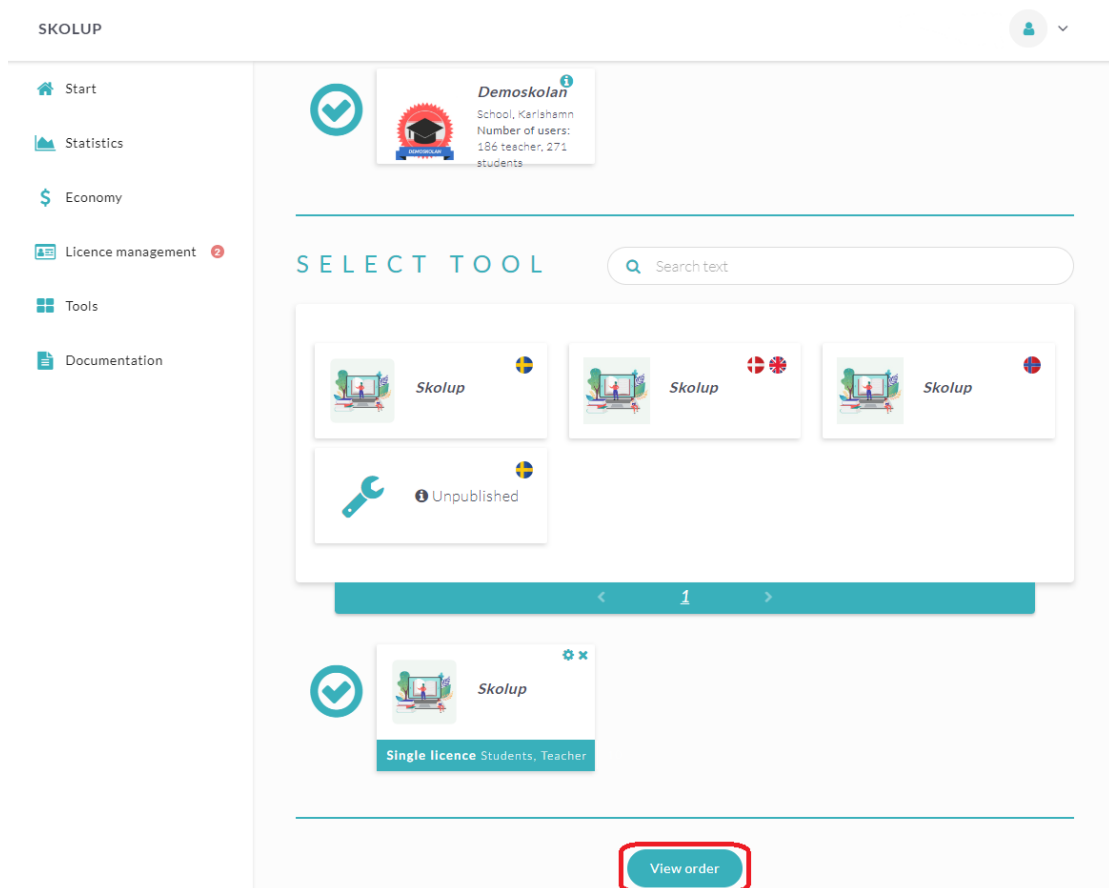

8. Click the relevant license type and then click **Select number**.

9. **NOTE!** If you create single licenses, don't forget to fill out the number of licenses. Click **Done**.

10. If you need to create licenses for another tool, click it from the selection and repeat steps 6 to 9, otherwise click **View order**.

11. Here you can select automatic renewal (subscription) **(a)** or a fixed end date **(b)**. If needed fill out references, and select if an email should be sent to you, the customer or to Skolon **(c)**.

Finalize the process by clicking **Send order**. Your licenses are now created and ready for the customer to assign and use through Skolon.
