Delete discount ladder

Ulf Kronsell - 2023-07-03 - [Discounts](#)

Click **Economy** and then **Discount codes** in the left menu. Click the tab **Discount ladder**. Click the discount ladder you want to delete, in the bottom right corner click the button **Remove**.

NOTE! Orders/Licences with automatic renewal (subscriptions) will still get the discount from the discount ladder, even after it's been deleted, for subsequent renewals as long as the subscription is running.

The screenshot shows the Skolon web application interface. On the left is a sidebar with navigation options: Home, Activated demos, Economy (selected), Licence management (8), and Tools. The main content area has tabs for Order history, Discount codes, and Discount ladder (selected). Below the tabs, there's a breadcrumb trail: Economy / Discount codes / Discount ladder. A filter bar at the top allows selecting School, Tools, or Discount. The 'Select school' section contains a search bar and a table of schools. The table has columns for School, Status, Discount link, and Number of schools. Two schools are listed: 'All schools in Skolon' (Information missing) and 'Skolonkommunen' (Existing customer, 4 schools). The 'Remove' button at the bottom right is highlighted with a red box.

School	Status	Discount link	Number of schools
☐ All schools in Skolon	-	-	Information missing
☒ Skolonkommunen 115 teachers, 4436 students	Existing customer	-	4

Confirm removal by clicking **Remove**.

The screenshot shows the same Skolon interface as before, but with a confirmation dialog box open. The dialog is titled 'Remove discount ladder' and contains the text: 'Are you sure you want to remove the entire discount ladder?' and 'Removing discount ladders does not affect purchases that have already been made or active subscriptions.' At the bottom of the dialog are 'Cancel' and 'Remove' buttons. The 'Remove' button is highlighted with a red box.
